FETAL BOVINE SERUM (FBS)

- ✓ 100% US Origin
- ✓ Authentic FBS

The US FBS is sourced within the contiguous US and obtained from facilities that meet stringent quality control standards.

Catalog: F-0500-A, 500ml

FETAL BOVINE SERUM (FBS) IMPORTED

- ✓ 100% Imported
- ✓ Authentic FBS

Sourced from countries that have met the USDA importation requirement to the US. Economic alternative to US origin FBS.

Catalog: F-0500-D, 500ml

EQUALFETAL® BOVINE SERUM

- ✓ 100% US Origin
- ✓ Natural bovine serum

Most economical alternative to FBS. Prepared from select bovine animals that meet FBS specifications. Similar chemical profile and intended to be used interchangeably.

Catalog: EF-0500-A, 500ml

FETAL PLUS® BOVINE SERUM

- ✓ 100% FBS Origin
- ✓ FBS + Equalfetal

Made with FBS and Equalfetal. Effectively used in a variety of mammalian and select insect cell lines. A less expensive option than the US FBS but delivers comparable performance.

Catalog: FP-0500-A, 500ml

FETAL SELECT™ BOVINE SERUM

- ✓ US Equalfetal with Imported FBS
- ✓ Authentic bovine serum

Developed as a universal serum for cell culture applications. Made with Equalfetal & imported FBS to produce an economical product that works with most cell culture applications.

Catalog: FS-0500-AD, 500ml

AVAILABLE PRODUCT TREATMENTS: HEAT INACTIVATION (HI)
GAMMA IRRADIATION (IR)
